CONTENTS OF VOLUME 4

Number 1, February 1964

Robert C. Thommes and Conrad E. Firling. Blood Glucose and Liver Glycogen Levels in Glucagon-Treated Chick Embryos 1

F. H. Bronson and B. E. Eleftheriou. Chronic Physiological Effects of Fighting in Mice 9

Dorothy E. Bliss and Jane Rouillion Boyer. Environmental Regulation of Growth in the Decapod Crustacean *Gecarcinus lateralis* 15

Daniel C. Wilhoft. Seasonal Changes in the Thyroid and Interrenal Glands of the Tropical Australian Skink, *Leiolopisma rhomboidalis* 42

D. W. Schomberg, M. Stob, and F. N. Andrews. Effects of 6 α-Methyl-17-Acetoxyprogesterone, 17 α-Ethynyl-19-Nortestosterone, Progesterone, and Testosterone Propionate on the Adrenals, Gonads, and Bursa of Fabricius of the Chicken 54

W. R. Fleming, J. G. Stanley, and A. H. Meier. Seasonal Effects of External Calcium, Estradiol, and ACTH on the Serum Calcium and Sodium Levels of *Fundulus kansae* 61

Ryoichi Arai, Mikio Shikita, and Bun-Ichi Tamaoki. *In Vitro* Bioconversion of Progesterone-4-C^{14} to 17α-Hydroxyprogesterone and Androst-4-ene-3,17-dione in Testicular Tissue of *Tribolodon hakonensis* Günther 68

Per Rosenkilde. Regulation of Thyroid Function in the Toad *Bufo bufo* . . 74

R. B. Clark and Una Scully. Hormonal Control of Growth in *Nereis diversicolor* 82

Una Scully. Factors Influencing the Secretion of Regeneration-promoting Hormone in *Nereis diversicolor* 91

N. G. Kurup. The Incretory Organs of the Eyestalk and Brain of the Porcelain Crab, *Petrolisthes cinctipes Randall* (Reptantia-Anomura) 99

Allen Trenkle and Choh Hao Li. An Immunological Investigation of Porcine Pituitary Growth Hormone 113

Number 2, April 1964

J. P. Thapliyal and R. N. Saxena. The Effect of Prolactin on the Hypophysis and Testes of an Indian Weaverbird (*Ploceus philippinus*) 119

Judith E. Heady and Jerry J. Kollros. Hormonal Modification of the Development of Plical Skin Glands 124

H. S. Siegel. Nitrogen Metabolism in Cockerels Treated with 17-α-Methyl-17-β-Hydroxyandrosta-$\Delta^{1,4}$-3-one (Methandrostenolone) 132

J. G. Snedecor and D. B. King. Effect of Radiothyroidectomy in Chicks with Emphasis on Glycogen Body and Liver 144

D. S. Layne, R. Y. Kirdani, T. L. Gleason III, and G. Pincus. The Secretion Rate of Cortisol in Immature Chimpanzees 155

L. C. Costello and L. L. Darago. The *in Vivo* Effects of Parathyroid Extract on the Oxidation of Citrate and Isocitrate by Kidney Mitochondria . . . 159

B. I. Baker. Pituitary-Thyroid Relationship during Development in the Teleost *Herichthys cyanoguttatus:* A Histophysiologic Study 164

Joan M. Whitten. Connective Tissue Membranes and Their Apparent Role in Transporting Neurosecretory and Other Secretory Products in Insects . . . 176

Haruko Uemura. Effects of Water Deprivation on the Hypothalamo-Hypophysial Neurosecretory System of the Grass Parakeet, *Melopsittaus undulatus* . . 193

George J. Race and Hsiao May Wu. Corticoids in the Three Zones of the Camel (*Camelus dromedarius*) Adrenal Cortex 199

R. Motais et J. Maetz. Action des hormones neurohypophysaires sur les échanges de sodium (Mesurés à l'aide du radio-sodium Na^{24}) chez un téléostéen eurythalin : *Platichthys flesus* L. 210

Number 3, June 1964

Fermín C. Iturriza. An Electron Microscopic Study of the Toad Pars Distalis 225

J. R. Clarke and Isabel A. Forsyth. Seasonal Changes in the Gonads and Accessory Reproductive Organs of the Vole (*Microtus agrestis*) 233

J. R. Clarke and Isabel A. Forsyth. Seasonal Changes in the Adenohypophysis of the Vole (*Microtus agrestis*) 243

Leola C. Lorenzen and D. S. Farner. An Annual Cycle in the Interrenal Tissue of the Adrenal Gland of the White-Crowned Sparrow, *Zonotrichia leucophrys gambelii* 253

J. C. Penhos and Nelly Lavintman. Total Pancreatectomy in Toads: Effect of Hypophysectomy and Glucagon 264

J. A. Lloyd, J. J. Christian, D. E. Davis, and F. H. Bronson. Effects of Altered Social Structure on Adrenal Weights and Morphology in Populations of Woodchucks (*Marmota monax*) 271

Jean Roche, Giuseppe Rametta, et Stelio Varrone. Métabolisme de l'iode et formation d'iodothyronines (T_3 et T_4) au cours de la régénération de la tunique chez une Ascidie, *Ciona intestinalis* L. 277

Reed A. Flickinger. Sequential Appearance of Monoiodotyrosine, Diiodotyrosine, and Thyroxine in the Developing Frog Embryo 285

Joseph T. Bagnara. Stimulation of Melanophores and Guanophores by Melanophore-Stimulating Hormone Peptides 290

P. Sivadas. The Occurrence of β-Cells in the Islets of Langerhans of *Tilapia mossambica* (Peters) (Teleostei) 293

Joseph T. Bagnara. Independent Actions of Pineal and Hypophysis in the Regulation of Chromatophores of Anuran Larvae 299

Richard S. Nishioka, Howard A. Bern, and L. Richard Mewaldt. Ultrastructural Aspects of the Neurohypophysis of the White-Crowned Sparrow, *Zonotrichia leucophrys gambelii*, with Special Reference to the Relation of Neurosecretory Axons to Ependyma in the Pars Nervosa 304

687759

QD187
G37
v. 4

W. L. Money, M. Sonenberg, and R. W. Rawson. The Effects of Chemical Derivatives of Thyroid-Stimulating Hormone on the Metamorphosis of *Rana Pipiens* Tadpoles 314

Alberto Peyrot. Recherches histoenzymologiques sur le système neurosécréteur caudal de quelques téléostéens (*Cyprinus carpio* L., *Tinca tinca* L. et *Salmo fario* L.) 320

A. J. Matty and K. Green. Effect of Thyroxine on Ion Movement in Isolated Toad Bladder 331

Roger L. Greif and Josephine A. Alfano. Thyroid Hormone Induced Swelling of Isolated Dogfish Liver Mitochondria 339

Number 4, August 1964

Elsie Taber, Janet S. Knight, Charles Ayers, and John I. Fishburne, Jr. Some of the Factors Controlling Growth and Differentiation of the Right Gonad in Female Domestic Fowl 343

B. S. Setty and Amiya B. Kar. Chemical Sterilization of Male Frogs (*Rana tigrana* Daud.) 353

Kiyoshi Yamamoto. Changes in Thyroxine Deiodinase of the Frog, *Xenopus laevis* Daudin, during Metamorphosis and Growth 360

F. Stutinsky et J. J. Befort. Effets des stimulations électriques du diencéphale de *Rana esculenta* mâle 370

Kiyoshi Yamamoto. Possible Role of Ascorbic Acid as a Physiological Depressant of Thyroxine Degradation in Rat Liver 380

C. Barker Jørgensen and Lis Olesen Larsen. Further Observations on Molting and Its Hormonal Control in *Bufo bufo* (L.) 389

J. Maetz, J. Bourguet, et B. Lahlouh. Urophyse et osmorégulation chez *Carassius auratus* 401

G. P. Vinson and I. Chester Jones. The Capacity of Mouse Fetus and Placenta to Synthesize Steroids from Progesterone *in Vitro* 415

F. I. Kamemoto. The Influence of the Brain on Osmotic and Ionic Regulation in Earthworms 420

Maurice Durchon et François Schaller. Recherches endocrinologiques en culture organotypique chez les annélides polychètes 427

Doris H. Wurster and Kurt Benirschke. Development of the Hypothalamo-hypophysial Neurosecretory System in the Fetal Armadillo (*Dasypus novemcinctus*) with Notes on Rabbit, Cat, and Dog 433

Choh Hao Li and D. S. Flux. Studies on Pituitary Lactogenic Hormone. XXVII. Comparison of the Biological Activities of Fractions of Ovine Prolactin with Different Degrees of Aggregation 442

Giichi Okuno, Swetlana Price, T. Adesanya I. Grillo, and Piero P. Foá. Development of Phosphorylase and Phosphorylase-Activating (Glucagon-Like) Substances in the Rat Embryo 446
